Eligibility: 978-8130

We serve patients who are enrolled in the following health benefits programs: Medicaid, Medicare, CHIP, and Travis County Medical Assistance Program (MAP). We also serve Travis County residents who do not qualify for any of these programs and pay for services according to a sliding discount, based on their income. To qualify for dental services, adult patients with Medicaid or Medicare must be a current patient of the CommUnityCare system. Services are provided regardless of the patient's ability to pay.

Individuals with Medicaid, Medicare, CHIP or MAP may contact a CommUnityCare site to make an appointment. Individuals who are not already covered by Medicaid, Medicare, CHIP, or MAP must undergo financial screening to determine whether he or she is potentially eligible for any of the health benefits programs listed above. This screening is performed at Travis County Healthcare District Eligibility offices. Eligibility Staff will provide further instructions, such as which documents are required for the interview. For a recorded message regarding the eligibility screening process, please call 978-8130.

Services:

CommUnityCare uses a team approach to provide comprehensive primary care services to our patients. We believe your overall health and well-being depends on both your physical and mental health. Our services include family medicine, pediatrics, internal medicine, women's services, HIV care, behavioral health services, dental care, nutrition counseling and clinical pharmacy services. Our team of physicians, mid-level providers, Dentists, Pharmacists, Nutritionists, and Behavioral Health Professionals all work in partnership with our patients to achieve the best health outcomes possible.
